ADVICE LETTER NO. 1366

TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

California-American Water Company ("California American Water") (U210W) hereby submits for review this advice letter, including the following tariff sheets, attached hereto, which are applicable to the Monterey Service Area.

Purpose:

This advice letter filing seeks review and approval of the compliance payments made by California American Water to the National Oceanic and Atmospheric Administration ("NOAA") or its designated payee for Federal Endangered Species Act ("ESA") mitigation in the Monterey Service Area. These payments have been tracked in the NOAA ESA Memorandum Account which was approved by the California Public Utilities Commission ("Commission") in AL 652-A and AL 653 and recently affirmed in Decision ("D.") 21-11-018.

Background:

Per the settlement agreements adopted in D.12-06-016 and D.15-04-007, the Division of Ratepayer Advocates ("DRA") and the Office of Ratepayer Advocates ("ORA"), respectively, now the Public Advocates Office, and California American Water agreed to retain the NOAA/ESA memorandum account to track the compliance payments made by California American Water to NOAA or its designated payee for ESA mitigation. The parties agreed recovery of annual payments shall be through a Tier 2 advice letter. The parties also agreed that should California American Water incur costs to address to-be determined obligations in connection with an extension of the NOAA Agreement beyond 2016, California American Water it may file a Tier 3 advice letter to request such costs be included in the NOAA/ESA memorandum account.

In D.21-11-018, the Commission authorized continuation of the NOAA ESA Memorandum Account. Specifically, the decision states the following:

The settlement adopts Cal-Am's initial request to keep the NOAA/ESA memorandum account open and to recover future annual payments through a Tier 2 Advice Letter, consistent with D.18-12-021.

California American Water recorded \$1.1 million annual payments to the NOAA ESA Memorandum Account (August 2021).

Request:

California American Water requests that the \$1.1 million and accumulated interest be transferred to the consolidated expense balancing account (CEBA) for recovery effective May 11, 2022.

The total requested recovery to be transferred, including interest, to the CEBA is \$1,109,702, and total CEBA recovery is \$11,959,082. Once transferred, the CEBA balance will be 16.16% of 2022 authorized revenue. The Monterey CEBA surcharge of \$0.1458 per 100 gallons will be collected for 36 months. Pursuant to SP U-27-W,¹ memorandum account amortization surcharges are usually spread over three years for under-collections over 10% of gross revenues, which is the request here.

The surcharge would be levied on all customers in the Monterey Service Area only. The Toro, Ambler, Ralph Lane and Chualar (Central Satellite) systems are currently exempt from this surcharge.

In addition, California American Water requests transferring trailing interest to the CEBA from the Old Monterey Style WRAM and the Sand City Desalination Plant Purchased Water balancing accounts that were closed via the 2019 General Rate Case, D. 21-11-018. The Settlement Agreement approved by D.21-11-018 states the following:

Old Monterey-Style WRAM

CAW and Cal Advocates agree with CAW's request to close account and to transfer the account balance to the CEBA as CAW requested, along with all trailing interest through the transfer date.

Sand City Desalination Plant Purchase Water

CAW and Cal Advocates agree to close the account after the transfer of the balance, including interest through the date of the transfer to the CEBA.

The trailing interest for the Old Monterey Style WRAM account amounts to \$672 and for the Sand City Desalination Plant Purchase Water account amounts to \$7,219. This trailing interest was inadvertently left out of the CEBA calculation in advice letter 1353 and is therefore requested through this filing.

Tier Designation:

This advice letter is submitted with a Tier 2 designation.

Effective Date:

California American Water requests an effective date of May 11, 2022.

Service List:

Service Lists – In accordance with General Rules 4.3 and 7.2, and Water Industry Rule 4.1, of General Order (GO) 96-B, California American Water served copies of AL 1366 to adjacent utilities and other parties requesting such notification, on April 11, 2022. Please note that, consistent with the Commission's guidelines for service during the COVID-19 pandemic, this advice letter is only being distributed electronically.
